STATE INSTRUCTION NUMBER 18-11

To: Local Workforce Area Signatory Officials
Local Workforce Development Board Chairs
Local Workforce Area Administrators

Subject: SC Works Certification Standards

Issuance Date: February 22, 2019

Effective Date: Immediately

Purpose: To issue State guidance regarding the certification of SC Works Centers and the SC Works delivery system.

Background: The Workforce Innovation and Opportunity Act (WIOA) requires that the State Workforce Development Board establish objective criteria and procedures for use by Local Boards in assessing one-stop centers at least once every three (3) years. The criteria must be used to evaluate the one-stop centers and one-stop delivery system for effectiveness, including customer satisfaction, physical and programmatic accessibility, and continuous improvement. In addition, the criteria must be reviewed and updated every two (2) years as part of the review and modification of the State Plan. The attached revised standards and criteria were created by workgroups from across the state comprised of all levels of the system to include frontline staff, workforce and business partners, and State Board members.

Policy: Local Boards are responsible for the assessment of their comprehensive and satellite/affiliate SC Works Centers, and SC Works delivery system against the attached standards. In order to be certified, centers and delivery systems must meet or exceed the baseline measures for each standard. The attached documents include proposed evaluation methods to be used for each standard. Local Boards are required to develop objective policies and procedures for the assessment process that include the criteria outlined in the attached Management, Job Seeker, and Business Services Standards.

Each Local Board must submit the following to the Workforce Support Unit at workforcesupport@dew.sc.gov no later than June 30, 2019:

- a current Business Engagement Plan;
- a current SC Works Operational Plan;
- documentation of the assessment process, to include criteria used; and
- documentation of a full certification determination.

Additionally, all SC Works staff is expected to successfully complete the SC Works Next Step training program within the allotted timeframe. Should staff from a partner entity refuse to complete the training program, the Operator must notify the State by emailing workforcesupport@dew.sc.gov.

All SC Works Centers must be certified in order to be eligible to use infrastructure funds in the State funding mechanism.

Action: Ensure that appropriate staff, partners, and service providers receive and understand this policy.

Inquiries: Questions may be directed to Policies and Procedures at polnpro@dew.sc.gov.

BRINGING EMPLOYERS
AND JOB SEEKERS TOGETHER

Standard	Baseline Measures	Proposed Evaluation
<p>1. Partner integration is evident through non-duplication of services and efficient and effective service delivery. The customer sees the Center as a single business unit.</p>	<ul style="list-style-type: none"> • Job seeker customers have access to key services during all hours of operation. Key SC Works services include those related to the three top reasons job seekers visit SC Works Centers: job search, training, and unemployment insurance. • On-site partners are knowledgeable about all services available at the SC Works Center. A process is in place to orientate and keep all staff continuously aware of all center and community services. • Referrals for services outside the center are made with definite contact information and, where possible, confirmed appointment dates and times. • Customers register with the SC Works system, and with an individual agency or program, if needed. When customers need to speak with more than one staff person, subsequent staff will have access to the customer's basic information through the State database. • Signage, greetings (in person and telephone), and identifiers (i.e., lanyards/nametags) promote the unified brand and team. In order to give South Carolinians an integrated and unified approach to the workforce system as well as the programs and services available at SC Works centers statewide, all public facing documents, such as, but not limited to flyers and brochures, should, as possible conform to the SC Works brand standards. 	<p>Questionnaires</p> <p>Staff Interview</p> <p>Referral Forms</p> <p>Customer Survey</p> <p>Document Review</p> <p>Center Operational Plan</p> <p>Observation</p>

The SC Works Center is accountable for results.</p>	<ul style="list-style-type: none"> There is a tracking system to monitor utilization of services, providing for counts of customers using the center in any given period. There are methods for assessing center-wide effectiveness and integrated service provision that includes outcome measurement as well as process measurement.
